

Homelessness Services in Bridgend

A homelessness application can be made to Bridgend County Borough Council's Housing Solutions team 24/7, 365 days a year.

Please tell us as soon as possible if you think you might become homeless.

The sooner we know about your situation, the more likely it is that we can help, and prevent you from becoming homeless.

The council will assess your housing and support needs, and advise you about available options, which includes whether we are able to offer you temporary accommodation.

You can tell us that you are homeless or at risk of homelessness by contacting:

T: 01656 643643

Via our website:

www.bridgend.gov.uk

Street Link

www.streetlink.org.uk

If you are concerned about someone you have seen sleeping rough, you can use the StreetLink app or website to send an alert. The details you provide are sent to the local authority or outreach support who will look to find the individual and connect them to support.
